AMAKIDS

PARTNERSHIP OVERVIEW

# Build with AMAkids in the way that fits your business.

Open a center. Add a program. Develop a regional network.

3 CORE COURSES · ONLINE & OFFLINE

PARTNERSHIP MODELS

# Choose the model that fits your market

01

## Single-Unit

**Open your own center.**

A local AMAkids learning center built around the three core programs.

Availability, scope and commercial terms depend on the country and partnership setup.

02

## School Partnership

**Add a program.**

Bring AMAkids programs into an existing school or education business.

Availability, scope and commercial terms depend on the country and partnership setup.

03

## Master Franchise

**Develop a regional network.**

Discuss the opportunity to grow AMAkids across a defined territory.

Availability, scope and commercial terms depend on the country and partnership setup.

THE LEARNING OFFER

# Three core programs

All three programs are available online and offline.

## Mental Arithmetic

Abacus-based and mental calculation learning experiences.

## English

Communication, project activities and learning together.

## Memorika

A program focused on memory development and practical learning skills.

Course availability, language and local delivery details are confirmed for each market.

# A practical foundation for your launch.

01 **Brandbook**

02 **Basic guidelines**

03 **Training**

04 **Consultations**

## What to expect

Initial investment, entry fees and ongoing royalties vary by country, partnership model and the resources you already have. We discuss the relevant conditions for your market.

### Local operations

The partner leads local marketing and day-to-day business operations. The AMAkids team provides training and consultations within the agreed scope.

**Request details for your country and preferred format.**
